

# CRAFTS TO GO

## Reindeer Ornaments

### Materials Included:

Mini planter pot  
Natural ribbon  
2 pipe cleaners  
2 googly eyes  
1 red pompom  
1 bell

### Materials Needed:

Scissors  
Tacky or hot glue  
Tweezers, if needed

### Directions:

1. Thread the bell onto the ribbon. See where you'd like the bell to hang within the pot and tie a knot where the ribbon will enter the hole of the pot.
2. Thread the two ends of the ribbon through the hole and tie together. You may need tweezers to assist the ribbon through the hole.
3. Bend each of your pipe cleaners back and forth into three sections.
4. Stick the pipe cleaners down through the top of the hole and bend the ends of each pipe cleaner inward. Use glue to secure the pipe cleaner ends, as well as the knot you've tied, to the inside of the pot.
5. Glue the googly eyes and pompom nose to the planter pot.

*Happy Holidays* 😊
