

# CRAFTS TO GO

## Dragons

### Materials Included:

Paper roll  
Green pompoms  
Tissue paper  
Googly eyes  
Paint  
Paintbrush

### Materials Needed:

Tacky glue  
Scissors (optional)

### Directions:

1. Paint the paper roll green using your new paintbrush. Allow time to dry.
2. Glue the strips of tissue paper around the inside of the paper roll. If you'd like the "flames" to be shorter, use scissors to cut the tissue paper to the length you like.
3. Glue two large pompoms to the outside of the paper roll, opposite the end that you've glued the strips of tissue paper.
4. On the other end, toward the tissue paper strips, glue two smaller pompoms next to each other.
5. Glue one googly eye to each of the larger pompoms.
6. Allow the glue to dry. You can make the strips of tissue paper move by blowing into the paper roll!
