

# CRAFTS TO GO

## Love Bugs Kids' Craft To-Go!

**Materials Included:**

Pompoms  
Heart stickers  
Googly Eyes  
Pipe Cleaners

**Materials Needed:**

Scissors  
Glue

**Use the materials provided to put together little love bugs! You can get creative and be silly while making your unique creations! Your love bugs can look however you'd like them to look! Glue the pompoms together to make your bug's body, cut, shape, and add on pipe cleaners to make fun antennae, then add your finishing touches with googly eyes and sticky hearts!**

*\*Quick tip! When adding pipe cleaner antennae, your lightweight love bug may topple over... Add extra pompoms around the base of the bug to hold them steady if you'd like them to stand up!*
